Under Regulations of 1st Feb 1891

there was informed that as a matter of grace he will be allowed to take back as Inam that portion of the assigned lands which has not been taken up for cultivation -- This of course does not meet his wishes -

He wants to be allowed the concession which was allowed in a single exceptional case in the Nasik District viz that of Bajoo Mallee Gouda (Mookhtesar Patel). That case was exceptional because he was appointed Mukhtesar Patel in the place of Ramee Patel murdered and Ramee Gouda's Inam lands were not available for him - (I write this from recollection, & there may be some further details) -

He surrendered the Inam lands in Tarana - He claims a cash allowance of Rs 20-5 per annum from that year -

Sir,

In ordering the accompanying petition from Biranna Gowda Mandi Patel of Malaly I have the honor to report and propose as follows for the Dewan's favorable Consideration.

The particulars of Land to allowed as Inam for the Patels remuneration are as follows:-

Village Malali

No:	area	assessment
82.	ac 1-13	Rs 5
84	1-27	6
131	3-14	13
	6-14	24

the orders that have been issued
are worthless and address
in-proof the fact that when their
hands money was in arrears
they were not attached because they
could not get a price which
would cause them arrears. This
argument is unanswerable.

If the Government should
determine the Estimates by
the existing Establishments it will not be true
that the Army observes - Further
it seems that at least the land
forces should be taken last and
its expenditure allowed for in the
manner decided by Parliament.
On either case it will be necessary
to arrange that the
Special allowances as a general
measure and then until settled
Land could be granted to the regi-
ments in lieu as proposed in
case of extreme hardship will

this to communicate I beg to report that on a personal inspection of these lands and on an adequate local enquiry it appears that Nos. 32 and 84 being situated a little higher up and at some little distance from the banks of the Mahawakar river are capable of cultivation and were cultivated a couple of years ago - Not so No: 131 which is always flooded in the rainy season cannot be profitably cultivated for that reason and has not been cultivated for the past ten years or more.

The petitioner prays that all the three lands may be taken back by Government and his encumbrance granted him as in the case of several others of his class by giving him corresponding credit in the Cultivation payable for his portion lands in the other villages of his mandé.
